

PathwayConnect & Ensign College Tutoring Guide

Math and Writing Help

For PathwayConnect and Ensign College students seeking math or writing help, BYU-Idaho provides the following services:

Math Study Center (For PC 101/L and PC 102/L, MAT 108, MAT 252): <https://www.byui.edu/academic-support-centers/math>

Writing Study Center: <https://www.byui.edu/academic-support-centers/writing/help-for-online-students>

Course-Specific Tutoring

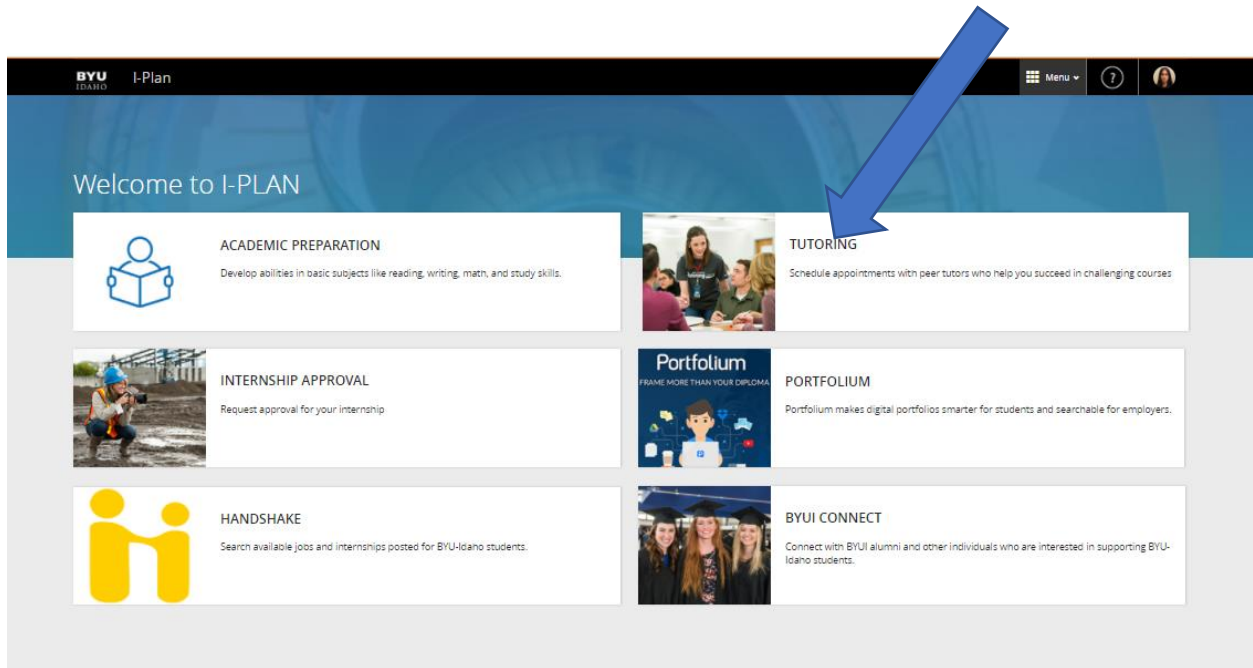

BYU-Idaho also offers course specific tutoring. This type of tutoring is specific to the course that you are enrolled in. To access this type of tutoring, please follow the steps outlined below:

1. Go to iplan.byui.edu
2. Select "LDS Login" as shown below:

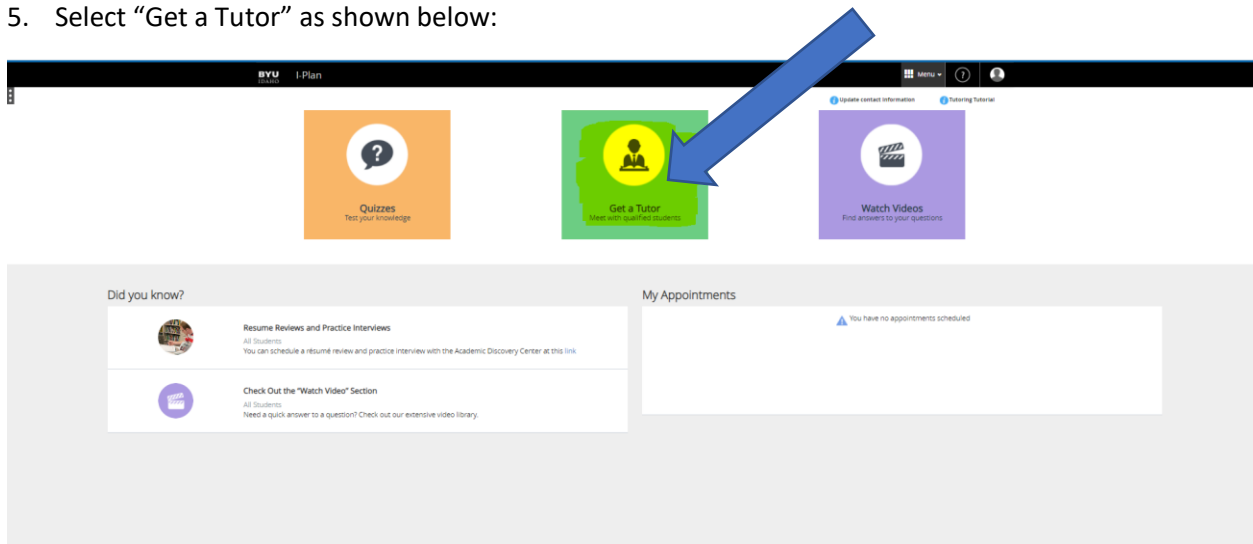

3. Enter your LDS password and username.

4. Select "Tutoring" as show below:

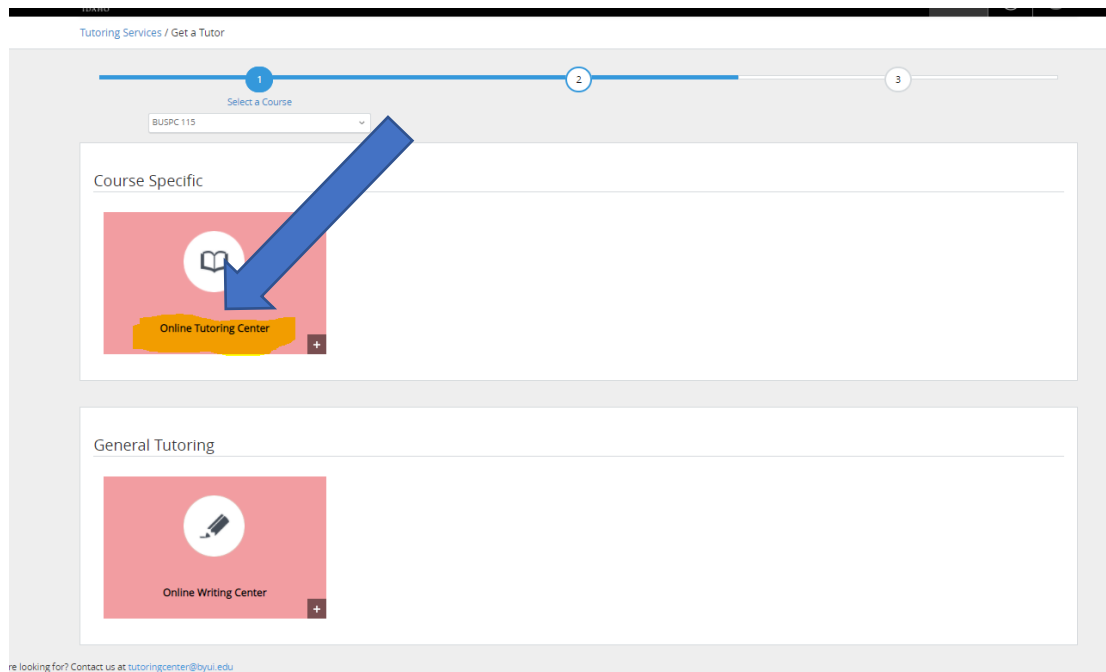

5. Select "Get a Tutor" as shown below:

6. Select the course you are needing tutoring assistance in:

7. Select "Online Tutoring Center" as shown below:

8. Search for available times: Make sure to scroll all the way down to see all the openings. Each time slot will have a logo indicating the type of tutoring that is offered (see picture below).

Here is a brief description of each tutoring type:

One-to-One: This is an individual appointment that you will need to click on, select the reason, and then select “Create an Appointment”. You will also see the online tutor’s zoom address and contact information when scheduling the appointment. To attend the appointment, you will need to enter the tutor’s zoom address in the search bar of your browser at the time of the scheduled appointment.

Group: Group appointments are scheduled in the same way as One-to-One appointments. The only difference is that there will be a small group of students meeting with the tutor at the same appointment.

Drop-In Labs: No appointment is needed for this type of tutoring. During the time block listed on the calendar, the online tutor is available to help students immediately. You can access drop-in tutoring by clicking on the time slot in the calendar, highlighting the zoom address location, and then copying and pasting this into your web browser.
